

Unity

*"In the shape of the Unknown
lies the Essence of Life's Conception*

*Overcome with terror of what awaits
yet curious, unable to stop*

*We Contradict
in every sense of our Being*

*At the same time,
we are One*

*Embody Love and Fear
Be both You and Me*

*For filled with Harmony we Are
if Unity we represent"*

Poem by Usha Berfelo-Albjerg
